Tips for safer healthcare

1. Be actively involved in your own healthcare
2. Speak up if you have any questions or concerns
3. Learn more about your condition or treatment, get as much reliable information as you can
4. Keep a list of all the medicines you are taking
5. Make sure you understand the medicines you are taking
6. Get the results of any test or procedure
7. Talk about your options if you need to go into hospital
8. Make sure you will understand what will happen if you need surgery or a procedure
9. Make sure you, your doctor and your surgeon all agree on exactly what will be done
10. Before you leave hospital, ask your healthcare professional to explain the treatment plan you will follow at home

Caulfield Hospital

Caulfield Hospital provides a range of specialty services in the areas of community services, rehabilitation, aged care, residential care and older persons mental health. In addition, the hospital has a state-wide role in the provision of rehabilitation services to people throughout Victoria.

Many services are provided through outpatient and community based programs that focus on enhancing the health, independence and overall well-being of people living in the community.

Caulfield Hospital is a member of Alfred Health public health service which is comprised of The Alfred, Caulfield Hospital and Sandringham Hospital.

General information

Infection control

Hospitals have very strict guidelines and practices in relation to infection control measures. In order to minimise the spread of viruses and other infectious conditions, we ask that families and visitors as well as people attending for outpatient appointments refrain from coming into the hospital if they have been feeling unwell. If, as a patient or visitor, you have experienced any nausea, vomiting, or diarrhoea in the previous 48 hours, you should NOT visit the hospital.

If you experience any of the symptoms mentioned above within 48 hours of visiting the hospital, we would encourage you to advise the service/department you attend immediately. In particular, gastroenteritis is a highly contagious infection and can seriously affect patients who are elderly and who have been sick.

Infection control continued

The Infection Control Clinical Nurse Consultant together with all members of Caulfield Hospital's healthcare team work towards creating a safe environment for all patients and staff throughout the hospital. If you have any queries or concerns about infection control during your appointment, or if you would like general information or Fact Sheets regarding infections and infectious diseases, then please do not hesitate to contact the Infection Control Clinical Nurse Consultant Monday to Friday between 8.30 - 5.00 PM on ☎ 9076 6608.

Cancellation

We request a minimum of 24 hours notice wherever possible if you are unwell, or need to cancel your appointment. The phone number can be found on the service brochure.

Smoke free

Caulfield Hospital is a "Smoke free" hospital. Smoking is not allowed in the buildings or the general hospital grounds.

Valuables

13. An opportunity to discuss any questions or complaints you may have concerning your involvement with the hospital
14. Make a complaint to an independent complaints organisation

Your responsibilities

As a patient at Caulfield Hospital we ask that you

1. Provide, to the best of your knowledge, accurate information about your current medical problems, previous illness, medications (both prescribed and over the counter or complementary), visits to hospital, allergies and other matters relating to your state of health in order to help our staff care for you.
2. Ask staff for a clear explanation of treatments, tests and medications recommended for your care and let them know immediately if you do not understand instructions or advice given to you.

3. Discuss any worries or concerns with a relevant member of staff.
4. Be courteous and considerate to other patients and to treating staff.

Please

Observe the hospital's no smoking policy by only smoking off the hospital grounds and please dispose of butts in the bins provided. Patients are reminded that smoking may impact on your health and recovery from illness.

Refrain from use of illicit substances as use of these substances is illegal and can impact on your recovery.

Refrain from any abusive behaviour towards staff, other patients and visitors or any other illegal activities while at Caulfield Hospital.

Your privacy

We need information from you to treat you effectively and safely. When requesting information, staff will maintain your privacy and only those involved in your care will have access to your medical information, which they will keep confidential. Other health professionals, such as your local doctor or those treating you at another hospital, will require information on the medical care that we have provided. All those providing you with medical care will maintain your confidentiality. Please ask to see the brochure "What Happens to Information About Me" for details of how your personal information is managed when you attend your appointment.

You can have access to your medical record in accordance with the Freedom of Information (FOI) Act. Please call the FOI Coordinator on  (03) 9076 3002 for more information.

Verbal information on your general condition is usually given out on request to your next of kin, relatives or friends. If you do not want any information to be given out please ask your treating staff to

arrange this. We do not release specific information without your consent unless required by legislation.

We want to know what you think of the services Caulfield Hospital provides. You may be asked if you are happy to be contacted by telephone or mail after your appointment to give your opinion as to your experience at Caulfield Hospital. If you do not want to receive any surveys, please let your treating health professional know. If you do receive a survey, your participation is voluntary and your response will be anonymous and confidential. We appreciate your involvement in our endeavour to achieve ongoing quality improvement.

How to make a suggestion, compliment or a complaint

As one of our patients, you are the focus of our efforts. If you have any comments, compliments, suggestions or concerns about any aspect of your care, please tell the staff in the unit caring for you. You can also discuss your concerns with the manager of the unit or department who is usually able to sort out any problems. You will be able to express any concerns or problems without fear of being disadvantaged.

Each patient area of the hospital has “We Care” forms to allow you to give written feedback about our service. There are allocated boxes to place the completed form in or envelopes are provided by some services if you prefer to mail your form.

If you would like further assistance, or you do not wish to approach staff directly, please contact the Caulfield Hospital's Patient Representative Liaison Officer. The Patient Representative Liaison Officer is available to speak with all patients, their relatives, carers or friends.

Patient Liaison Officer:

 (03) 9076 6127 Monday to Friday 8am to 4pm.

Preparing for our visit to your home

Information prior to visiting your home

In certain circumstances, services may be provided in your home. In these cases, you will be contacted by phone to make an appointment time. You will be provided with the name of who will be visiting you and an explanation of the service they are providing.

During this time a Home and Community Visit Risk Assessment may be completed. We will ask you to provide any information you can regarding directions, parking and any pets to be aware of. This helps to ensure the safety of our staff and allows us to make special arrangements if there are difficulties accessing your home.

Please indicate if an interpreter is required for the visit. (Please note: it is Caulfield Hospital policy that we assess all patients to determine if an interpreter is required.)

Staff identification

Staff who will be visiting your home will have appropriate identification. Please ask to view this prior to letting someone into your home if you are unsure.

Service fee

You may be charged a fee for the service and this will be outlined prior to the visit.

Cancellation

We request a minimum of 24 hours notice wherever possible if you are unwell, or need to cancel your appointment. The phone number can be found on the service brochure.

No Smoking

For the benefit of our staff, we request that you refrain from smoking during our visits to your home to ensure compliance with the Caulfield Hospital smoke free policy.

Services and facilities

Automatic Teller Machine (ATM)

An ATM that accepts most cards is located just inside the main entrance.

Kiosks and Cafeteria

Several kiosk and café areas are available on campus. Opening hours vary so please check with your treating staff or at Reception for the services you require.

The Helmsmen Kiosk is located on the ground floor of the Aged Care block, near the main reception at the entrance to the hospital. This is staffed by hospital volunteers, whose auxiliary provides much needed funds and donations of equipment to the hospital. A variety of snack foods, papers, magazines and gifts are available.

The REC Kiosk is located at in the Breezeway. The Breezeway is located near the Rehabilitation wards, and can be found by following the Red Line from the hospital main reception. It is again staffed by hospital volunteers who support various units with donations of equipment and funds. A variety of snack foods, and coffee, papers and magazines are available here.

Coffeefields Café is a friendly, privately run café providing high quality snack food, hot and cold meals and, a wide variety of drinks, tea and coffee. It is located at the front entrance. A large covered courtyard is available at the rear of the café for dining.

Vending machines are also located in the foyer of the main entrance to the hospital and in the Breezeway outside the kiosk.

Pastoral Care/ Religious Services

A worship centre (called the Sacred Space) is located opposite the Helmsmen Kiosk in the main entrance foyer. A listing of scheduled services is displayed on the notice board outside the Sacred Space.

Telephones

Public telephones are located in the:

- Main Reception area opposite the Helmsman Kiosk (Building 28)
- Aged Care wards (on the 3rd floor outside AC3 Building 23)
- Breezeway opposite Patient and Family Services (Building 5)

Mobile phones can only be used in the public areas of the hospital. Mobile phones should be turned off in most patient areas. Please check with staff in your area.

How can you help support Caulfield Hospital?
